Washington 25, D. C.

Dear Mr. Dulles,-

The National Association of Student Personnel Administrators will hold its 41st Anniversary Conference at the Harvard Graduate School of Business Administration on June 25-30, 1959. The annual banquet of the Conference will be held on the evening of June 30. The purpose of this letter is to invite you to be the speaker on that occasion.

This Association consists of more than 300 institutional representatives, most of them Deans of Students, Deans of Student Affairs, Vice Presidents and Deans of Men. The institutions are in all of the states, Canada, Puerto Rico, and Hawaii, and we estimate that the member institutions enroll more than half of all college students at the present.

We would want you to choose any topic which you felt might be appropriate, but I would add that in many instances the institutions' representatives are the informal security officers for their institutions. You may be aware that several members of the group are in the consultant group which has met with the Agency from time to time.

I believe that the majority of the members are quite aware of the serious security problems confronting us, and yet from time to time I find that some seem rather naive and complacent.

I hope that your schedule may permit you to make this address, and would add that the meeting is likely to attract some press notice, which might, or might not, be useful depending on how you wish to use it.

Sincerely,

FHT-Y

Fred H. Turner
